Complete these questions yourself once you have left the house.
1 Home interview conducted 2 Telephone interview only

Question Field
F2F S2) dpa06a
Parent behaviour during interview.
<b>Parent 1 spontaneously praised the child's qualities or behaviour at least twice during the visit.</b> The key word here is 'spontaneous', but since most parents enjoy talking about and are proud of their children, this is not hard to observe. Frequently a parent will tell you how well the study child is doing at school, or in particular activities (e.g. sports), whether they have lots of friends, or are well liked, or have positive attributes (e.g. helpful, caring, affectionate, etc).
1 Yes (at least twice) 2 No (-2 Can't tell – including does not speak English)
F2F S3) dpa06b2
<b>Parent 1 scolded, shouted at, or belittled the child.</b> The reprimand must be made directly to the child, e.g. not simply tell the interviewer that the child is bad.
1 Not at all 2 Once 3 2 or more times (-2 Can't tell – including does not speak English)

Question Field
<p><u>F2F S3) fpa06b3</u></p> <p><b>Parent 1 scolded, shouted at, or belittled the child or made sarcastic or critical comments within the child’s hearing.</b> This can either be a reprimand made directly to the child or the parent deliberately saying something critical or negative so that the child can clearly hear it (and there is no tone or facial expression, such as smiling/laughing to indicate teasing).</p> <p>It does not include a parent responding to a question with a response that may be negative about the child (in these situations, parents may drop their voice or in other ways try to protect the child).</p> <p>1. Not at all 2. Once 3. 2 or more times (-2 Can’t tell – including does not speak English)</p>
