Thank you for your ongoing contribution to the Growing Up in Australia Study.

You are about to enter the secure online survey, which covers questions related to your health, wellbeing and other aspects of your life. We are particularly interested in finding out how you were affected by the coronavirus pandemic, extreme weather events and natural disasters.

As always, if you do not wish to answer a question you can skip it. You can simply leave the response blank and use the 'Next' button to move on once you have completed all the questions you are going to answer.

Do not use your browser's 'Back' and 'Forward' buttons to move through the survey. You can move around using the 'Next' and 'Previous' buttons. If you do inadvertently use your browser's 'Back' or 'Forward' buttons, please save and exit, and then open your survey again.

We estimate this online survey should take you about approximately 30 minutes to complete.

If you find any of the questions in this survey upsetting please refer to the Youth Services Card with helpful phone numbers and websites that was included in the material we mailed and / or emailed you. If you did not receive this mail, please refer to our website: growingupinaustralia.gov.au.

• Limits to the number of people allowed to attend funerals or weddings.
• Closing schools and universities, moving school to home-based learning or having longer school holidays.
